Sheets: 1 : 25 000, OS National Grid 1 km squares – every reference is in 100 km square NG, e.g. NG 482 298 – and a lat/long graticule every 0.02° (WGS 84). Contours every 10 m.
A dark tab on a frame names the sheet the route continues on. Resupply and shelter are shown near the route (bus stops within 300 m, bothies within 3 km).
The Skye Trail is unmarked, with pathless ridge and cliff-top stretches: carry the means and the skill to navigate.
